

Appointment Expectations

Sound Booth

- 1) Check both ears to ensure the ear canals (outer ear) are free of wax.
- 2) Test eardrum (middle ear) movement.
- 3) Perform HEARING TEST using a series of beeps and tones (inner ear).

Program Room

- 1) Discuss your individual concerns and lifestyle.
- 2) Explain your hearing test and recommendations.
- 3) If necessary, impressions of ears are made and hearing instruments demonstrated. Price, payment options, and return policies can then be discussed.

Please complete the attached forms and bring them with you to your scheduled appointment.

Thank you,

Advanced Hearing Solutions of South Texas, Inc
Leslie, Hunter, and Katherine
